JULY 2011

Ettalong eskimos

send the message
out boys, we got
a convoy...

The low-pressure systems have been pounding our shores for a while now, and the club day scheduled at Avoca fell on one of the 10–15ft days.

Not to worry, we had scouts all up and down the coast. The phones rang off the hook in the early hours driving up the price of the Telstra shares, but to no avail. Terrigal was looking to have some promise till the sets came in and closed out as 1km wide whitewater.

After much deliberation at the pines we decided to head over to Ettalong / Umina to see what was on offer.

Send the message out boys, we got a Convoy.

On arriving, the box was working and in closer there were some nice 2–3ft lefts coming through with a 5–10 knot offshore breeze. So the small but dedicated group set up and the first heat got in the water.

Well it certainly did look surfable and the boys got a few reasonable rides. When the second heat hit the waves the conditions changed to a fairly brisk 15–20 knot cross shore south wester, and really made it hard work!

The excitement on the beach started to decline and when the third heat went out we cranked the wind speed up another five knots, and dropped the wind chill temperature down to about 2 degrees, the fun was definitely out of the event.

**we are heading
down the home
stretch of the
club year, and have
some organising
to do for the
central coast open...**

So it was decided to do the only sane thing and pack up and have our low cholesterol hearty surfers breakfast of rissoles and sausages.

This was the real highlight of the outing, with full tummies a good laugh and the raffle drawn we were wrapped up nice and early.

Hopefully huey will be a lot kinder to us this month up at Lakes.

We are heading down the home stretch of the club year, and have some organising to do for the Central Coast Open.

The date is set down for **November 19th & 20th** and we need assistance from all the club members to pull this together!

The end of year presentation is on the **3rd of December** at Avoca Bowling Club.

Last year was an absolute blast so clear the calendars and come along. The details of cost etc and our itinerary will be worked out later this year, hopefully we can get the bare foot bowls happening.

On the 14th of August we are up at Lakes beach, see you all at the surf club 7.00am sharp.

Dates to remember

All club events host 8ft & old mal

August 14th Lakes
September 11th AVOCA
October 9th Lakes

CCMB open
 NOV 19th - 20th AVOCA

Presentation Night
 SAT DEC 3 - AVOCA BOWLING CLUB

Remember to support our sponsors as they support us!

Wayno, DJ, Dave Shearim and a few of the lads had a quick trip to Bali to escape the cold who would believe that in the surf at Kuta they would bump into one of the founding members of the CCMB Sid Blade or Gadaffi as he is known from the early years.

the real Gadaffi grand wahzoo

It was a stroke of luck that I met the mal club blokes, coz I just went down to Kuta for a few days, and I had not been there in over a year.

Sitting in the water I said to one of them, "where do you come from?" He replied Avoca, and all of them were in a mal club from the Central Coast.

When I said I was Sid, they then realised I was the real Gadaffi grand wahzoo. From there it was just amazing. I surfed with them and we stayed in the same hotel and dined together with my new little family.

Man! I just about had tears when I had to say goodbye to them, and to see them walking up the road in Kuta and Lombok, one with Woy Woy on the back of his t-shirt! I had a great time going across the bay in the sampan to surf before the dawn with them.

They didn't think my new board in the photo was so good (*I waited three years to get that board*) guess its a bit worn and broken (*completely f%\$%# a better word for it*) but you can't get a new one here and this one needs some lovin'.

I was beside myself when I saw the new Tolhurst boards they had. The boys got some photos and were going to send me a CD. It would be so good to get a CD in Lombok of the CCMB blokes here. I still can't believe what started from nothing goes so long (*25 years in fact*).

About the Box. It's still my favorite wave, and what you said about jet ski's endorsed my thoughts. That jet skis would be a good idea etc etc, except if you don't have one that is!!!

The SUP boards, I have only seen one here and I thought it was the return of the messiah when I saw this guy standing up on water.

Don't be surprised if at one of your contests some silly looking bloke comes up and asks if he can surf in your comp, calling himself gadaffi or something, and carrying an old dunger with a lump on its nose saying the thing has been blessed.

Take care
Sid (Gadaffi)

Here is a bit of communication from Sid to Greg recounting the miraculous event!
